

## VISION

The Academy for Academic Leadership is the preeminent consultancy for individual and organizational leadership development in the academic health professions.

## MISSION

The mission of AAL is to cultivate leadership, foster life-long learning, and improve organizational effectiveness through customized professional development and consulting services and products.

## CORE VALUES

**Scholarship** through continuous learning, discovery, dissemination of knowledge, and interprofessional collaboration.

**Innovation** through risk-taking and disruption of the status quo.

**Integrity** through doing the right things for the right reasons.

**Excellence** through superior quality, client service, and measurable outcomes.

**Philanthropy** through volunteerism and financial contribution.
